The landing field of the former factory airfield of the Arado Plant on the northeastern perimeter of Oschersleben (M 53/D 48) was occupied by settlers. The former plant installations near the field were destroyed except for some cantonment buildings which were used by some Oschersleben firms. No indications of intended reoccupation of the field were observed.

25X1A comment:

No changes occurred at the field when compared with the last observations made in September 1949.
